

**BRAVO748 EXPERT  
MILITARY and COMBAT  
PRESENTERS and ENTERTAINERS**

Bravo748 is a team of Army, Air Force, Navy, Coast Guard, Marines, and National Guard Veterans who are motivational presenters, trainers, comedians, emcees, skydivers, subject matter experts, consultants, actors, film producers, screenwriters, radio personalities, video producers, poets, authors, artists, singers, and bands who have inspirational stories and live music that demonstrate conduct, leadership, responsibility, honor, transition, adversity, and recovery.

Overcoming obstacles in harsh and dangerous environments using their field-tested skills and knowledge, these heroes share their experiences with your audience to create renewed energy, sharing their achieved success and ways in which your audience can duplicate that success, based on company, personal or event goals. The overall goal is self-motivation coupled with a positive attitude that focuses on a contagious synergy where

audiences will inspire each other and their friends long after the presenter or entertainer leaves the room.

**MISSION STATEMENT**

It is the Mission of Bravo748 to create an exceptional team of Veteran Presenters and Entertainers who inspire the world with tools of survival and hope.

**MOTTO**

Expect something extra. It's who we are.

## WHAT IS BRAVO748?

Bravo748 is a Speakers Bureau that works with Military and Combat Veterans and Gold Star Families to speak to and entertain audiences across the globe, from high schools to active duty stations, non-profit fundraisers to Fortune 500 companies and everything in between. Army and Combat Veteran Comedian **Bobby Henline** and **Jamie Burton** created the company in honor of Jamie's only son, **Brian**.

Brian was a Specialist in the US Army, KY National Guard, Company B, 1st Battalion, 149th Infantry Regiment. He served in Operation Enduring Freedom. If you want to know more about Brian and the story of Bravo748, go to [www.Bravo748.com](http://www.Bravo748.com).

## PRESENTERS and ENTERTAINERS

Bravo748 Presenters and Entertainers lay bare the pain in their souls to share their path to healing and encourage others to do the same. Life is for living. We can't go backwards, even though we desperately want to.

Reflect on your military or personal experience. Missions and plans change to meet the

situation. **Bravo748 helps and encourages you to change your Mission and Heal, if that is the goal.** On the other side of healing waits a journey for you – one that will allow you to touch others with *your* story. We do this using our cadre of professional entertainers and presenters using their knowledge and expertise, presentations and training, keynotes and workshops, comedy and music, poetry and blogs, acting and hosting, and so much more.

## COMEDY

**Bravo748 Comedians will make you laugh!** Genuine laughter releases endorphins in the brain, chemicals that activate receptors to produce euphoria-producing effects. Research has shown that viewing or participating in comedy led to higher pain tolerance, and there is a dose-related response to laughter: people who laugh more feel less pain later. It was also shown that laughing along with other people is better at relieving pain than laughing alone. Laughter helps develop coping skills, deal with stress and tense situations, and helps us manage pain.

Bravo748 Comedians share their military and combat comedy the world over. From being on stage at Brad Garret's Comedy Club in Las Vegas to flying into active duty stations to salute troops, working with non-profits and foundations to fundraise, comedy clubs, galas, and other military and non-military related events, our Comedians make the audience feel relaxed, as if they are spending the evening with their best friend. Shows are rated G, PG, and R.
